-Music Editor

Worked hand in hand with the lead Film Editor on the creative assembly of the feature in Avid Media Composer. Worked with animatics, previs, animation, and lighting depts to prep/conform cuts at various stages. Performed full temp sound mixes for screenings and rough edits. Executed notes from director, lead editor, head of story, and other sources at the direction of the lead. Sat in on scratch track audio sessions to provide another layer of listening ears and feedback when asked. Creatively recorded temp SFX when appropriate. Took the initiative to develop custom workflows in Slack for better communication among teams in the delivery of editorial assets. As acting **Music Editor**, took a leading role in the selection, customization, and vision of the temp music throughout the film to maximize the impact of each sequence. Worked with multiple music libraries, archival assets, and composer to assemble the music. Executed advanced and wide ranging editing techniques to satisfy the vision of the director and lead picture editor. Worked with AE's in the import and exports of stems and other deliverables.
